SUMMARY

I am a passionate and detail-oriented software developer with a strong foundation in programming, problem-solving, and building scalable, user-friendly applications. I enjoy turning complex challenges into efficient code and have experience working with modern technologies across the software development lifecycle. Whether collaborating with a team or working independently, I am committed to delivering high-quality solutions that meet both technical and business requirements.

TECHNICAL SKILLS

HTML

CSS / Tailwind CSS

C++

JavaScript

TypeScript

React

Firebase

Git, GitHub

DSA

EXPERIENCE

React Developer Internship

Jan 2024 - May 2024

Infowiz, Bathinda(Punjab)

- Utilized React, Redux (for state management), and ShadCN (for UI components) to build an interactive UI.
- Integrated Firebase Authentication for secure user login and Firestore for real-time data storage and management.
- Used Git and GitHub for version control, ensuring efficient collaboration and code management.

EDUCATION

Master's in Computer Applications

Punjabi University, Patiala

Sep. 2022 - Dec. 2024

Bachelor in Computer Applications

Maharaja Ganga Singh University, Bikaner

April 2019 - Aug. 2022

PROJECTS

Hermes - Ecommerce Website

- Developed a modern and responsive e-commerce platform for Hermes using React.
- Utilized Context API for efficient state management and seamless user experience.
- Integrated Firebase Authentication for secure user login and Firestore for real-time data storage.
- Used GitHub for version control, ensuring efficient code management

CryptoSphere | CoinGeko API, React

- Developed a React-based platform to track cryptocurrency details and trending coins.
- Implemented light and dark mode for an enhanced user experience.
- Managed global state using Context API for seamless data handling.
- Integrated Firebase Authentication for secure user login and firestore for users to save and track their favorite coins.

ADDITIONAL INFORMATION

- Languages:** C++, JavaScript, TypeScript
- Frameworks:** React, Material-UI, Shad CN, Next.js
- Libraries:** React, Redux, Framer, GSAP
